OBJECTIVE

I am a motivated third-year Information Systems student at The Copperbelt University, with hands-on experience in community work, social media work, programming, content creation, computer skills, and strong interpersonal skills, demonstrated through my work at Copper Rose Zambia and Eastern water Supply and Sanitation Company limited under the IT department .

I utilize my public speaking , programming skills, web development skills ,Computer skills and social media management skills to drive community outreach, make workable operating systems and effectively engage with target audiences.

With that being said ,I am looking to apply my Computer, technical , programming and communication skills to a role that supports IT support, community engagement and digital outreach.
